From the initial writing of a specification through the installation and operation of the equipment, 100% satisfaction is our goal. At Force Flow, we know that a superior customer service and support team is crucial to the success of our company.

### **PERFORMANCE GUARANTEE**

With the purchase of every Force Flow product comes our performance guarantee. If you are unhappy about the performance of one of our products in your chlorination or chemical feed application, you may request a performance guarantee from the selling distributor. Under the performance guarantee, if within 30 days of the original installation you are not completely satisfied with the performance of the Force Flow product, you may return or exchange it for the full purchase price. To qualify, all performance guarantees must be pre-approved by the factory service manager before returning the equipment to the factory.

### **WARRANTY**

Force Flow warrants its hydraulic and electronic scales (including accessories), for a period of Five (5) Years. If a failure occurs within said period, the warranty extends from the date of Force Flow's shipment, and liability is limited to repayment of the purchase price, repair or replacement of the equipment. All warranty work must be returned to the factory or a warehouse designated by Force Flow.
